

# NEED TO EVACUATE?

Remember to take the *P*'s, in this order, and as time permits

...then, Anything Else, if you still have time

If you know you need to be ready to evacuate, compile these items in a *go-bag* with 2-day's supply of clothing and non-perishable food, and store it in a ready location.

Pro tip: Digitize the papers and back them up on a hard-drive, and store in a safe location.
